

OSAKA, KANSAI, JAPAN
EXPO2025

Days on Safety, Health and Well-being

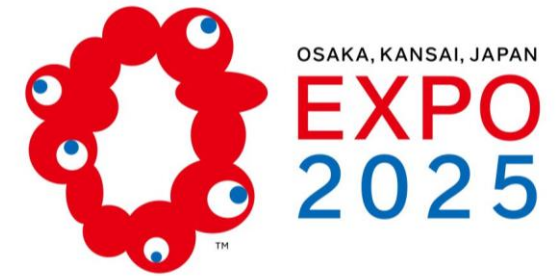

16th to 19th July 2025

The **EXPO2025**: A unique Opportunity

- The World Expo 2025 takes place from April to October in Osaka, Japan, under the theme "**Designing Future Society for Our Lives**"
- This theme, along with the Expo's sub-themes of "**Saving Lives, Empowering Lives and Connecting Lives**" fully aligns with the objectives of risk prevention and health promotion at the workplace
- The Institute of Global Safety Promotion (IGSAP) of Japan initiated the '**Global Initiative for Safety, Health, and Well-being at EXPO2025 and Beyond**' (GISHW), based on the 'Vision Zero' mind-set that all work injuries can be avoided if the safety, health and well-being of people comes first

WHY IS SAFETY & HEALTH AT WORK IMPORTANT FOR THE FUTURE SOCIETY OF OUR LIVES?

Nearly three million workers die every year due to work-related accidents and diseases (2.6 million lives are lost due to work-related diseases, while work accidents account for an additional 330,000 deaths)

About **4% of global GDP is lost** due to poor working conditions

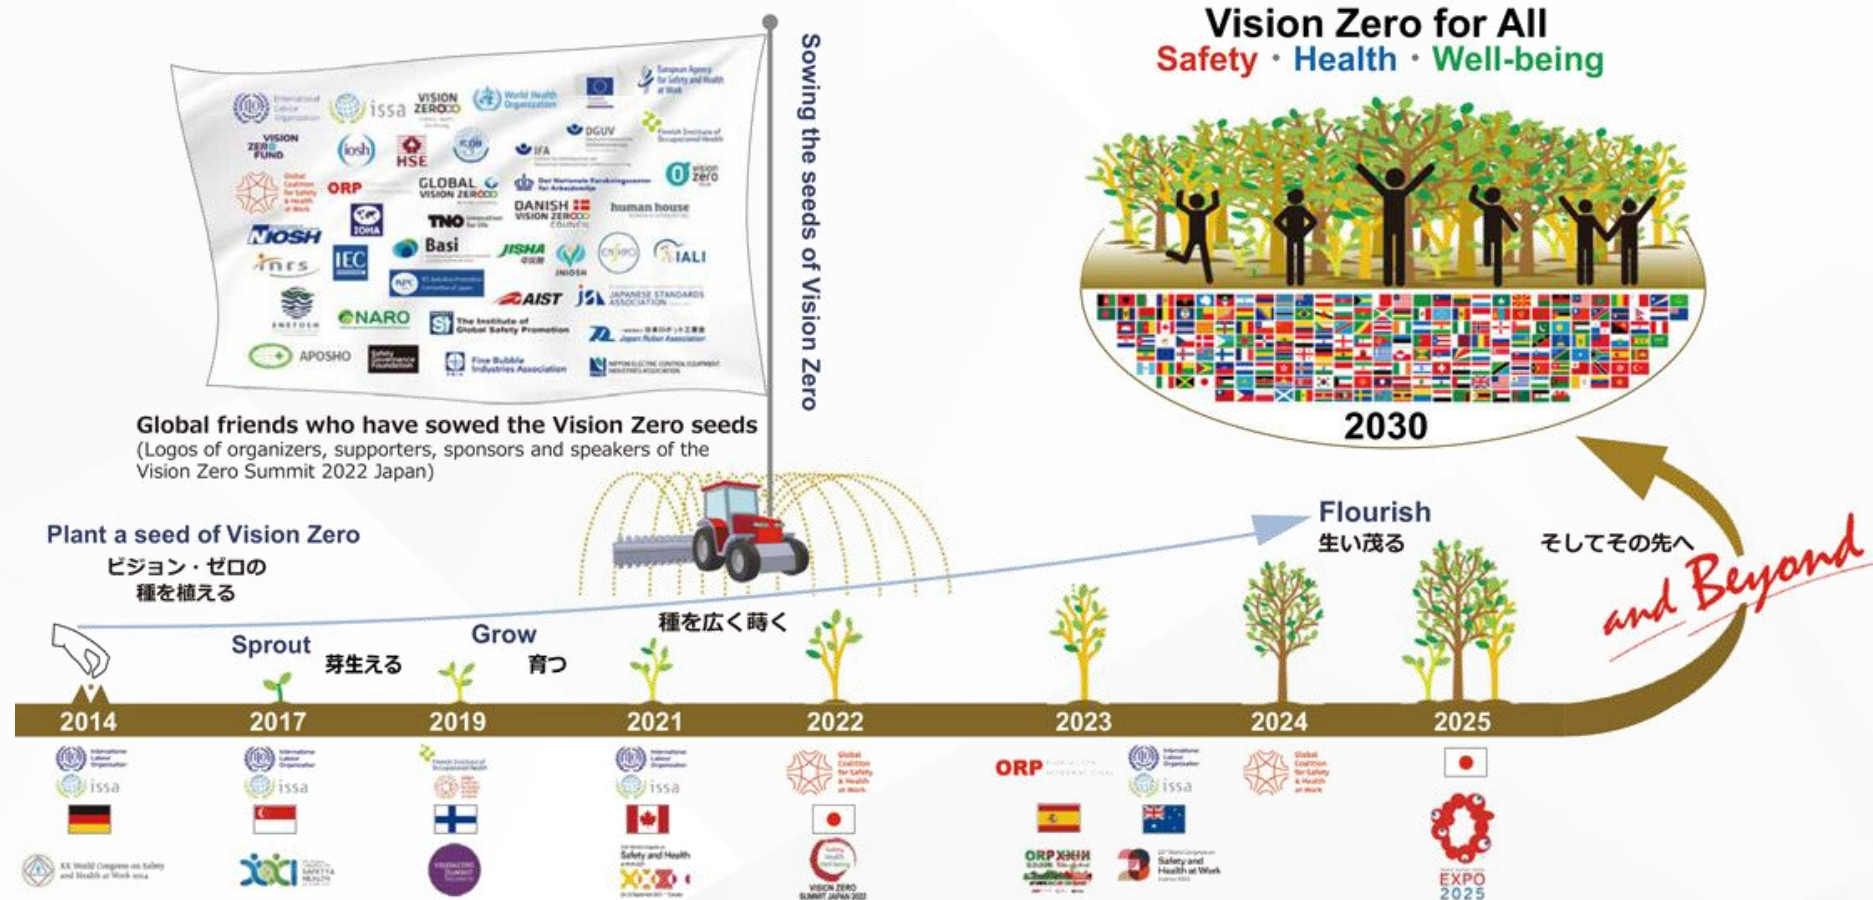

- ILO 2023

- The GISHW achieved that a **Safety, Health, and Well-being programme** for the first time in the history of the World Expo is scheduled from **16 to 19 July 2025**
- **Six exciting activities** are awaiting the global audience: a Summit, a World Assembly of OSH-Professionals, a Youth Congress, an International Symposium, a Festival and Exhibitions

- The journey to **Vision Zero for All**, which started 10 years ago at the World Congress in Frankfurt, Germany, will at the **EXPO 2025** in Osaka reach a new milestone towards the UN's Sustainable Development Goals for 2030!

UNIQUE ORGANISATION

- Preparations for the GISHW-Week are overseen by an Executive Committee, chaired by **Dr Toshihiro Fujita** of IGSAP, an Organising Committee and three Working Groups
- So far, **56** leading international safety, health, and well-being organizations and corporations from around the world have joined the GISHW

UNIQUE ORGANISATION
50+ Global Initiative partners

UNIQUE VENUES BOTH AT THE EXPO AND AT INTEX OSAKA

UNIQUE PROGRAMME – THE SUMMIT

High-Level Summit about Safety, Health and Well-being:

Senior representatives from the leading International Organisations and the Government of Japan exchange with Top Managers from renowned companies about the importance of a safe, healthy and sustainable business culture for a ‘future society for our lives’

UNIQUE PROGRAMME – THE WORLD ASSEMBLY

Organised by Working Group 1, chaired by the Institution of Occupational Safety and Health:

- **8 Workshops** about the Future of Work, of Occupational Risks and of the Safety, Health and Well-being Profession
- **Plenary** about the Role of Safety, Health and Wellbeing in ‘Designing Future Society for Our Lives’

UNIQUE PROGRAMME – THE SYMPOSIUM

Organised by Working Group 2, chaired by the International ORP Foundation:

- **Policy track** sessions at the EXPO and INTEX about International Strategies and Programmes for Safety, Health and Well-being
- **Practice track** sessions at INTEX about Socially sustainable Businesses: Managing Safety, Health and Well-being at Enterprise Level

UNIQUE PROGRAMME – THE YOUTH CONGRESS

Organised by the International Labour Organisation (ILO):

- **Theme "Designing Safety, Health and Well-being at Work in the Digital Age"**
- **Aiming to raise awareness, particularly among young people, on their right to safe and healthy working environment and to promote action to realize it**

UNIQUE PROGRAMME – THE FESTIVAL

Organised by Nikkan Kogyo Shimbun (The Daily Industrial News):

- To raise awareness about safety, health and well-being among the EXPO-audience
- With entertaining fashion shows, robot performances, videos and 3D presentations of the fascinating world of work

UNIQUE PROGRAMME – THE EXHIBITIONS

Organised by Working Group 3 - Nikkan Kogyo Shimbun, BASI and Messe Düsseldorf:

- A **Theme Park** for EXPO-visitors offering exciting, interactive experiences and insights into Safety, Health and Well-being
- A **Trade Fair** at INTEX Osaka with special focus on innovative concepts, technologies and practical solutions that can advance prevention
